

TelePrEP/PEP Program

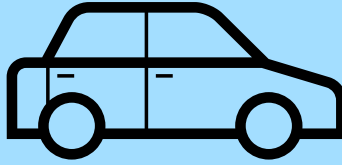

The TelePrEP program is a new approach to HIV Pre and Post-Exposure Prophylaxis (PrEP & PEP) management that allows healthcare providers to remotely monitor and manage patients receiving PrEP/PEP medication.

TelePrEP/PEP Navigation Services: Our Staff will be available to provide the following services at low or no cost:

Sexual Health Services:

-  HIV and STD Testing
-  STD Treatment
-  HIV PrEP and PEP
-  DoxyPEP for STD
-  Family Planning

Round trip Transportation Services

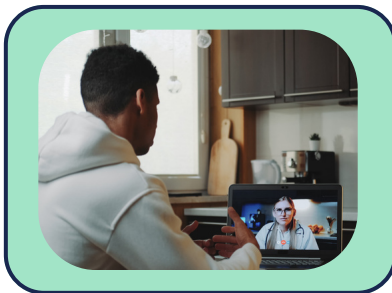

Roundtrip offers free transportation for sexual health clinic patients

PrEP-AP

The Pre-Exposure Prophylaxis (PrEP) Assistance Program (PrEP-AP) helps uninsured or underinsured eligible residents access PrEP medication and labs for HIV prevention.

The TelePrEP/PEP Program: What to Expect

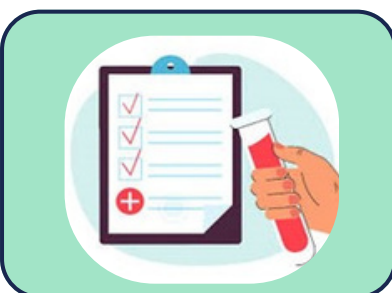

REMOTE CONSULTATIONS

Connect with our Navigators and Providers from anywhere you choose!

PRESCRIPTION DELIVERY:

For clients who qualify

LAB TESTING
