

TRAINING PROVIDER COURSE REQUIREMENTS
for Bloodborne Pathogens Exposure Control

☐ CRITERA

- Course is no less than 2 hours of instruction.
- Includes training specific to performing body art.
- Provides a copy and explanation of all applicable state, county, city/or city and county ordinances that pertain to bloodborne pathogen transmission control in body art.
- Provides a copy and explanation of the California Occupational Safety and Health Administration Bloodborne Pathogen Standard contained in Section 5193 of Title 8 of the California Code of Regulations, or its successor.
- Discusses transmission, control, and symptoms of the diseases caused by bloodborne pathogens.
- Discusses tasks involved in performing body art and how those tasks may lead to exposure to bloodborne pathogens for the client or practitioner.
- Discusses the types and uses of Personal Protective Equipment (i.e., gloves, aprons, bibs, masks, and eye protection), their limitations, proper task technique and order of tasks before and after putting on and removing Personal Protective Equipment to avoid contamination.
- Discusses the importance of hand hygiene and a demonstration of proper hand hygiene techniques.
- Discusses the choice, use, and storage of disinfectants and antiseptics specific to Bloodborne Pathogen diseases.
- Provides information on the signage required for biohazard materials and the importance of properly labeling chemicals and supplies.
- Provides information on hepatitis B vaccine, including safety and accessibility.
- Discusses what constitutes a bloodborne pathogen exposure incident, and includes the following:
  - Examples of bloodborne pathogen exposure, how the exposure occurred, and what actions to take to prevent or minimize future exposures.
  - The risk of infection following a bloodborne pathogen exposure incident.
  - Procedures to be followed after an exposure incident, including medical follow-up.

☐ ADDITIONAL REQUIREMENTS

IN-PERSON

- Describe method in which the training will provide opportunities for interactive questions and answers with the instructor(s).
- Describe method for providing and grading final exam at the conclusion of the course.
- BBP **Course Completion Certificate to include the following**:
  - Name of practitioner who successfully completed the course.
  - Name of the course.
  - Date of course completion.
  - Certificate number
  - Certificate includes an expiration of one year from the date of course completion.
  - Name of Trainer and or Training company providing the training.
  - Statement: This course is consistent with Cal/OSHA Bloodborne Pathogens Training Title 8, Section 5193 and the Safe Body Art Act.

WEB BASED

- Describe what method(s) will be used to ensure the identity of the practitioner taking the course and the exam?
- Describe how trainees will be given the opportunity to ask questions of the instructor during the course?
