

BODY ART CONSENT FORM TEMPLATE

Please use this template to assist you in determining the proper information needed for a consent form. The minimum amount of information that is required by law, may be found below. The facility should also include specific information needed for the types of body art procedures performed. This template does not contain all the information that is needed, as the acknowledgement for a body piercing, tattoo, permanent cosmetics, and branding may be different.

The information provided can be copied and pasted on the business' letterhead, a form template or other handout with the facility's name, address, phone number, email address, and website.
