Dear Resident of Los Angeles County:

Congratulations! Your family is invited to take the Los Angeles County Health Survey. By filling out this survey, you will help the Los Angeles County Department of Public Health learn about health issues in **your** neighborhood and how to make things better.

Please follow these steps to take the survey:

Keep the **\$1** in this envelope as a thank you for your help.

You can get to the survey in one of two ways:

<p>Go to: https:// LACountyHealthSurvey.org</p>	<p>Scan the QR code to go directly to your survey:</p>
<p>Enter your Participant Code: <<LoginID>></p>	<p>«QR_url QR Code»</p>

OR

The family member invited to take the survey will receive **\$20** after they complete it. They can choose an electronic gift card or a check.

It is your choice to take this survey. The first few questions will help us figure out whether your family is eligible and who in your family should complete it.

Your answers will be kept private. The Los Angeles County Department of Public Health is working with RTI International to do this survey. It takes about 30 minutes. If you have questions, go to <https://LACountyHealthSurvey.org>. You can also call us toll-free at 877-282-4757 or email LACountyHealthSurvey@rti.org.

Sincerely,

Barbara Ferrer, PhD, MPH, MEd
Director, Los Angeles County Department of Public Health
