## Important Information about LAMB Follow-Up Survey Please Read Before You Begin the Survey

- The Los Angeles Mommy and Baby Follow-Up Project (LAMB Follow-Up) is a project sponsored by the Los Angeles County Department of Public Health, Maternal, Child, and Adolescent Health Programs.
- You were selected because you responded to our 2016 LAMB survey. We are asking all mothers selected to answer the same questions.
- It's your choice whether or not to do the survey. Whether or not you answer the survey will not affect your health care, immigration status, or any benefits you may be receiving. You can skip questions you don't want to answer.
- If you choose to do the survey, your answers will be kept private to the extent allowed by law and will be used only for the study. By returning the completed survey to us, you are consenting to participate in the LAMB Follow-Up Project.
- Your answers will be linked to the survey responses that you provided in the 2016 LAMB so we can track how you and your 2-year-old are doing now.
- Your answers will be grouped with those from other women. What we learn from this survey will be used to help mothers and babies in Los Angeles County.
- This is an ongoing study. We will keep your name and contact information so that we can contact you in a few years about participating in a follow-up study.

If you have questions about LAMB Follow-Up or if you want to answer the questions by telephone, please call 1-866-706-LAMB (1-866-706-5262) or via email at lamb2@ph.lacounty.gov.

# Frequently Asked Questions about LAMB Follow-Up Survey 

What is LAMB Follow-Up Survey?

The Los Angeles Mommy and Baby (LAMB) Follow-Up Survey is a project sponsored by the Los Angeles County Department of Public Health. You may remember that we sent you a survey back in 2016 to ask about you and your baby. Now that your baby is about 2 years old, we are sending a survey to you to find out how you and your two-year-old are doing. If your child is no longer living with you, your answers will still help us learn more about ways to improve programs and services for future mothers and children in Los Angeles County.

## How was I chosen to participate in LAMB Follow-Up Survey?

LAMB Follow-Up Survey is sent only to women who previously responded to our LAMB survey in 2016. Therefore, you are one of a number of women in Los Angeles County who were chosen to help us in this study.

## Why should I participate in this survey?

Currently, Los Angeles County has no complete information linking the health of mothers, infants, and preschool age children. We need your help to get better information on health-related behaviors of young children and their mothers in Los Angeles County. To get a better overall picture of the health of mothers and young children in Los Angeles County, we need each mother selected to answer the questions in the survey. From the information you give us, we may be able to improve services for women, infants, children, and families in Los Angeles County. Your help is very important to the success of our project.

## What if I don't want to participate?

If you do not wish to participate or be contacted in the future, please feel free to let us know by calling us at 1-866-706-LAMB (1-866-706-5262) or via email at lamb2@ph.lacounty.gov.

## Will the information I provide via this survey be shared?

All your answers will be kept private. We will group your answers with those of other mothers just like you.

## What kind of questions will I be asked?

We ask questions about you and your two-year-old's health. Some questions may not seem to be related to your and your baby's health. Other questions may be personal. You and your toddler's experiences are unique and important. By sharing your information, you can help other mothers, toddlers, and families in Los Angeles County. Please remember that all your answers will be kept private. Your answers to each and every question are very important to us.

## How long does the survey take?

The survey usually takes about 20 minutes to complete. If you would like to do the survey over the phone, it takes about 35 to 40 minutes.

## Some of the questions do not seem related to health-why are they asked?

Many things in the life of a child or mother may affect overall family health and well-being. These questions try to provide a more complete picture of the health of mothers and children and things that are happening to them.

## Can I respond to this survey via phone?

If you prefer to complete the survey on the telephone, please call us at 1-866-706-LAMB (1-866-706-5262).

## Will I receive results of the survey?

If you would like us to send you the results of the survey, please tell us in the comments section at the end of the survey.

## What if I want to ask more questions about LAMB Follow-Up Survey?

We will be happy to answer any other questions that you may have about LAMB Follow-Up Survey. Please call us at 1-866-706-LAMB (1-866-706-5262), or email us at lamb2@ph.lacounty.gov.

## What our moms are saying:

I think that this survey is a good idea. I am glad that I got to be a part of it. I hope that my answers and comments help others that are raising their toddlers.

I hope that those surveys you are mailing out really count as a tool to come out with helpful programs
to benefit those women who really need support for their toddlers needs...
