

GUN VIOLENCE PREVENTION AWARENESS

Join us for public announcement of LA County's distribution of more than 60,000 free gun locks in 2024 and resource fair for community members to access gun safety locks and educational materials.

The Department of Public Health and the Office of Violence Prevention embarked on an effort to distribute 60,000 free gun locks and gun safety materials across the County in collaboration with county and community partners including the Department of Health Services, LA County Libraries, L.A. Care, and the Los Angeles County Medical Association.
